

Rules and Regulations – Chase the Ace

Républik Nature Cooperative

Républik Nature Cooperative, a growing non-profit organization, is pleased to announce the launch of its Chase the Ace fundraiser in support of transforming our ski center into a true four-season outdoor recreation destination.

Purpose of the Campaign

The proceeds generated by this fundraising activity will support infrastructure development, facility improvements, and the diversification of four-season activities offered by République Nature Cooperative.

How the Chase the Ace Works

Each ticket purchased provides one entry into the weekly draw.

During each draw:

1. One winning ticket will be randomly selected.
2. The holder of the winning ticket will receive the applicable weekly prize.
3. The winner will then choose one card from the remaining cards in the deck.
4. If the selected card is the Ace of Clubs, the winner will receive the entire progressive jackpot and the Chase the Ace campaign will end.
5. If the Ace of Clubs is not selected, the progressive jackpot will continue to grow until the next weekly draw.

Revenue Distribution

Gross revenues generated from ticket sales will be distributed as follows:

- 50% of gross revenues will be retained by République Nature Cooperative to support projects and investments.
- 30% will be allocated to the progressive jackpot.
- 20% will be awarded to the weekly winner if the Ace of Clubs is not found.

If the Ace of Clubs is selected, the winner will receive the entire progressive jackpot and a new campaign may be launched under a new license.
